Thandeka

L O D G E

Thandeka is a malaria-free reserve that homes an abundant variety of wildlife, birds and flora. The Lodge offers a true Out-of-Africa experience, with the architecture designed around promoting close encounters with the unspoilt South African bushveld. The sleek main building rings of an era of colonialism with a contemporary twist, while the interior is exquisitely decorated in a colonial-contemporary style. Accommodation takes the form of individual, luxurious tented-Lodges, each one decorated with unique touches, hidden in the splendour of the bush.
